About Us

Our philosophy encompasses three core values: faith, love, and discovering. Our foundation is rooted in Christian beliefs and our loving teachers invest in the wellbeing of each child. We promote building strong bonds to provide an enriching learning environment that evolves around the whole child. We believe each child is uniquely designed by God and our program is designed to create an environment where children from 6 weeks to 5 years can grow and develop. It is our desire to serve the families in the greater Brea community by providing child care that promotes the children's development socially, physically, emotionally, cognitively and spiritually. The class environment and curriculum are child centered and developmentally age appropriate. We are a play-based preschool that focuses on your child learning through play.
